

# 3 UNIQUE 'FLOATING' LIGHT PANEL FOR CEILINGS/WALLS IN RECEPTION AREAS

## FLYING SURFACE

DRAMATIC CENTREPIECE LIGHTING  
FOR RECEPTION AREAS, ATRIUMS AND  
EXHIBITION SPACES

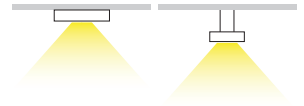

- Suspended or wall mounted light source and mesh fabric creates a luminous 'floating' surface
- Made in EU with UV resistant finish
- LED version also available - please ask

The Flying Surface represents a whole new approach to light and space. Creating the impression of floating unsupported above a room, it provides a strong, uniform light that is ideal for reception areas, exhibition spaces and large scale communal areas. A robust white fabric diffuser within a rigid steel frame is mounted to a powder coated steel sheet body using hidden brackets. Three different sizes using 18w and 36w T8 fluorescent tubes.

EXAMPLE PRICE:  
Flying Surface T8  
740mm x 740mm

**£310.04**
